RE: Approval to Operate an Accredited Institution – Application Number: 34022
Institution Code: 41500926

Dear Md Osman:

The Bureau for Private Postsecondary Education (Bureau) completed the review of your application for approval to operate an accredited institution, received on December 2, 2020. The information included with the application was determined to be in compliance with the requirements of Title 5, California Code of Regulations (CCR) section 71390. Therefore, International American University is granted approval to operate under the terms of California Education Code (CEC) section 94890(a)(1) until October 26, 2025 per CEC section 94890(b).

This approval is coterminous with the institution's term of accreditation granted by Transnational Association of Christian Colleges and Schools (TRACS).

International American University is approved to offer the programs on the most recent "Approved Educational Program List" at the approved locations on the "approved Branch/Satellite Location List". Please post this approval information in a prominent location so prospective students and other interested parties are aware of your approval to operate.

The institution is required to enroll students by means of executing an enrollment agreement and must provide the catalog and school performance fact sheet to a student prior to signing the enrollment agreement (CEC section 94902). International American University is required to maintain compliance with the California Private Postsecondary Education Act of 2009 and Title 5, California Code of Regulations 7.5 Private Postsecondary Education and is subject to inspection by Bureau staff at any time for the purpose of monitoring compliance.

Md Osman, Registrar
